

Wellesley College Fixed Exams by Department

Revised: Friday, November 20, 2009

EXAM POLICY: No student should be required to take 3 consecutive exams. Any student in this situation may request that she take one of her exams at another time during the exam period. The instructor should make accommodations unless the exam must be administered to all students at the same time (for example, if slides are to be shown or there is an oral or listening element).

Other requests to move the time of a fixed exam are at the discretion of the instructor.
