

Dear W'58 Classmates,

Our 60th Reunion is right around the corner and we are enormously excited!

First of all, **we want to thank each and every one of you** for your interest, enthusiasm, ideas and contributions that are making our reunion already a grand success.

- We are pleased to report that **we have 135 registrants, including guests** – an outstanding response for a 60th, according to the Alumnae Office. We received a notice from the AO last week that the entire Reunion is “sold out!” (Note: If you are able to attend at the last minute, please let us know. We’ll try to find a way...)
- ***Closer to June 8, the AO will send an email to all registrants with last-minute info details.***

Certainly our new **Record Book**, produced by Jeanie Teare & Co., is a great beginning to **gathering us together and reconnecting with the College**. What a beautiful time capsule! What a lovely gift from our class treasury to ourselves! If, for some reason, you have not received your copy of the Record Book, please tell Jeanie. (202-363-5104)

A point of **clarification**: we have been informed that **contributions to our class treasury** are tax deductible, but they do not count as part of a gift to Wellesley College. Thanks to many classmates’ contributions to our treasury over the years, we are in good shape financially. We are able to fund scholarships, support our mini-reunions and 5-year reunions, and produce special projects like the Record Book. Your contributions are always in style and much appreciated.

In response to requests, we will have **places in the dorm to display** your recent books, published articles, news items about you and yours, small art works, etc., Please bring with you whatever you might like to share with the class, or offer for purchase. Or send these along with a friend.

As 21st century alums, we are trying to use the latest technology to help everyone enjoy this reunion, whether in person or remotely. We are encouraging lots of picture-taking, which can be shared, and - thanks to Leslie Holmes – we now have a videographer to help us produce a short video of a few '58 highlights to post on YouTube.

It has been our pleasure to serve as “planners in chief” for our very special class.

We look forward to greeting everyone attending this landmark reunion. Know that **we will be thinking and talking about everyone**, wherever you may be.

Friendships Forever!

Your 2018 Reunion Co-Chairs,

Phoebe (Rogosin Resnick) - **Toni** (Harding Gordon) – **Sally** (Graves Hammerness)
