Walking Directions:
from Wellesley Square (commuter rail) to the Wellesley College campus

1. From the railroad platform at the Wellesley Square commuter rail station (1 Grove St., Wellesley, MA 02482), (A on the map below), take the stairs up and turn left onto Crest Road.

2. Walk to the end of Crest Road (just a few steps) toward Central Street (Route 135) and turn right at Peet’s Coffee onto Central Street.

3. Walk two blocks (0.2 miles) through town.

4. You’ll see the pedestrian entrance to Wellesley College campus on your left at the intersection of Central Street and Weston Road (B on both maps). Cross Central Street at the traffic light. You are now at the edge of the Wellesley College campus.

If your destination is the Campus Center or Alumnae Hall (registration for our larger visit programs is typically here), you may (a) continue down Central Street in the same direction (west) you’ve been walking (you’ll see the campus through the trees on your left). Or, for a more scenic walk (well worth it!), you may (b) follow one of the campus footpaths (see green footpaths on map below) to your destination.

If you stay on Central Street, you will reach the next traffic light in 0.2 miles (C on the map below). This traffic light marks the main entrance to the campus. There is also a sign for Wellesley College. Turn left into campus (College Road) and take the first driveway on your right (D on the map below). From here, you will see both the Lulu Chow Wang Campus Center and Diana Chapman Walsh Alumnae Hall.

If your destination is the Admission Office, walk through the pedestrian entrance at Central Street and Weston Road (B on above map). Follow College Road for 0.6 miles. The Admission Office/Weaver House will be on a hill to your right.
