ACKNOWLEDGMENTS

Reunion weekend is sponsored by the Wellesley College Alumnae Association, but it represents a combined and concerted effort on the part of the Alumnae Association and the College. We would like to thank everyone involved in making Reunion possible—we simply could not host this event without them. Our profound gratitude goes to the faculty and staff who have generously given their time to enrich the Reunion program. In addition, the Alumnae Association is indebted to the hundreds of alumnae volunteers who deliver programs and activities with generous contributions of their time, talent, leadership, and expertise every year.

Dear Alumna:

Welcome to Reunion! It's wonderful to have the campus buzzing with so many alumnae and friends this weekend.

One of the best parts of my job as president is having the opportunity to meet and engage with alumnae—either on the road or here on campus. I am delighted to have a chance to spend time with you.

I hope you'll agree that the campus is looking as lovely as ever. I encourage you to take some time this weekend to rediscover your favorite haunts and to explore some new ones.

Over the last seven years, I have seen time and again how exceptionally loyal Wellesley alumnae are to their alma mater. This weekend is a wonderful tribute to that dedication. It is especially meaningful to me, and to our students and faculty, that our alumnae continue to be an important presence at Wellesley.

Throughout the weekend, I hope you will share many stories with me about your time as a student and also your experiences since graduating. I always enjoy learning about the ways in which the College has—and has not—changed over the years. I look forward to sharing with you my thoughts and reflections on the Wellesley of today, and giving you a glimpse into the future of your beloved alma mater.

I hope you enjoy your time on campus this weekend. Welcome home! It is a pleasure to have you back.

Sincerely,

H. Kim Bottomly

Dear Alumna:

On behalf of the Alumnae Association, I am thrilled to welcome you back to campus!

The Alumnae Association’s mission — to connect alumnae to the College and to each other — is fully realized at Reunion. Whether this Reunion is your first or you are celebrating the 80 years since you graduated, we hope you reconnect with all that is Wellesley. We have planned a wide range of programs for you: from stimulating faculty lectures to in-depth tours; from yoga to a walk (or run!) around the lake; from Stepsinging to a variety of open houses. Whether you participate in many of these programs or simply enjoy the beauty of our campus and deepen long-standing friendships, we hope you enjoy your Reunion.

When you arrive on campus, you’ll notice a few changes. Four years ago, we opened the doors of the newly renovated and LEED-certified Diana Chapman Walsh Alumnae Hall. On the east side of campus, the Whitin Observatory has been renovated and is sharing the expanded space with the Geosciences Department. We hope you have time to visit both of these places. In addition, we hope you will notice an expansion of our green initiatives (such as the water bottles all attendees receive) as we strive to reduce the carbon footprint of Reunion. Please join us in these efforts.

Reunion would not be possible without the hard work, commitment, and enthusiasm of your class volunteers. The Alumnae Association Board of Directors and I extend our deepest thanks to all these dedicated individuals. I ask that you please thank them as well for their dedication to bringing you and your classmates together for this special weekend.

We look forward to cheering with you on Sunday morning at our favorite and most inspirational Reunion event — Alumnae Parade! Please plan on joining us following the parade at the Association’s annual meeting, where we will celebrate class milestones and noted alumnae and hear from President Kim Bottomly.

It’s going to be a wonderful weekend. We’re glad you’re here. Welcome back!

Sincerely,

Karen E. Williamson ’69, President
Wellesley College Alumnae Association

**12:30 PM**

**MUSLIM JUMMAH PRAYERS**
Houghton Chapel, Multifaith Center Prayer Room, Ground Floor

**1:00 PM**

**REUNION 2014 OFFICIALLY BEGINS, AND RESIDENCE HALLS OPEN**

**2:00–3:00 PM**

**FACULTY LECTURE: Viewing the Supreme Court’s Marriage Case Through the Lens of Political Science**
I will explain the holding in U.S. v. Windsor, which struck down the Defense of Marriage Act. However, unlike lawyers, I will not use a single precedent or law to explain the outcome in Windsor. Instead, I rely on political science theories that hold: Justices vote based on their personal policy preferences.
Nancy Scherer, Associate Professor of Political Science
Pendleton East 239

**FACULTY LECTURE: A Fascination with Bodies: Literature and Medicine**
This talk is based on courses I have taught for many years, courses focused on the intersection of literature and medicine. Representation of doctors and patients, the impact of illness on family structure, childbirth and abortion, depression in its many demonstrations, PTSD and AIDS, and more. Attention to works of fiction and autobiography has been enriched by selected representations in the visual arts.
Michèle Respaut, Professor of French, Emerita
Pendleton West 117

**FACULTY LECTURE: Law and the Family in Classical Athens**
Ancient Athenian family law differed radically from modern American law, just as Athenian families differed from families of today. For instance, women could not own property, nor could men make wills, which Athenians thought would undercut the strength of the family.
Ray Starr, Theodora Stone Sutton Professor of Classics
Pendleton West 212

**FACULTY LECTURE: Biomaterials: Making the Bionic Woman**
Drawing on diverse fields, ranging from materials science and engineering to medicine, biomaterials have become vital to our health. Together, we will define biomaterials, discuss their connections to basic sciences, and delve into examples of new types of biomaterials. These examples, which are being developed by researchers across the country and on the Wellesley campus, will include biomaterials for spinal cord repair and improved biocompatibility of medical implants.
Nolan Flynn, Associate Professor of Chemistry
Science Center 277

**FACULTY LECTURE: A Chemist’s Approach to the Study of Diabetes**
The design of new drugs is the focus of much medicinal chemistry. Because a drug must be both highly specific and highly potent, a chemist must understand both the biological system being studied and the molecules being used as drugs. I will talk about our use of small molecules as tools to understand the biological mechanisms by which blood sugar is controlled by the pancreas.
David Haines, Associate Professor of Chemistry
Science Center 278

**FACULTY LECTURE: From Decision Making to Deal Making: How Hormones Influence our Brains and Behavior**
This talk will explore how the steroid hormones, including estrogens, progestins and androgens, act in the brain to influence behavior and decision making. We will briefly discuss work from the Teten lab on how steroid hormones act in the
2:00–3:00 PM

brain to influence brain development and behavior. We will then discuss some studies from other labs on the emerging and exciting field of neuroeconomics—the neuroscience of decision making.

Marc Tetel, Class of 1966 Associate Professor of Neuroscience
Science Center 377

FACULTY LECTURE: Mixed-Gender Imagery in Medieval Saints Lives

Employing medieval hagiographic texts and images that explore traditional markers of the feminine and masculine, the talk will explore how both cultural tensions regarding gender identity and eroticism are negotiated in the saintly biography (oftentimes apocryphal). Legends focusing on transvestism, miraculous growth of beards on women, and an emphasis on body and head hair as markers of sanctity, suggest an erotic vein—at the same time that the rationale for these narratives is to preclude this possibility. The main subject will be prefaced by a short overview of historic and contemporary procedures for recognition of saints by official bodies of the Catholic Church. The presentation is illustrated by a wealth of noteworthy images.

Carlos Vega, Professor of Spanish
Jewett Arts Center 372

FACULTY LECTURE: Funk and Feminism: An Art Historical Perspective

Betty Davis, a self-assured, sexually charged, musically creative singer-songwriter who performed during the 1970s, possessed what I call a “feminist funk power,” a performative funk that forces the viewer to reinvent one’s very conception of black female agency in light of their original physical expression of art forms. Through the genre of funk, or an interpretation of funk, how might conceptual and visual artists, like Adrian Piper and Renée Stout, resist and transcend what Piper has called “The Triple Negation of the Colored Woman Artist”? 

Nikki A. Greene, Assistant Professor of Art
Jewett Arts Center 450

FACULTY LECTURE: Hostesses, Circumnavigators, Watercolorists, and Exotic Dancers: How Nineteenth-Century Women’s Culture Made John Singer Sargent

Earlier generations of art historians often noticed how complex and remarkable John Singer Sargent’s portraits of women tend to be. But are these “Sargent’s women,” or do the women in the portraits actually manifest the momentous changes in women’s roles during Sargent’s lifetime? This talk explores Sargent’s rich depictions of women and the many ways in which his work actually owes a great debt to nineteenth-century women’s culture.

Please join us to hear Professor Adam van Arsdale, who taught Wellesley’s first Massive Open Online Course (MOOC). He will discuss his experiences teaching in this new medium and compare and contrast it with a face-to-face class. Ravi will discuss why Wellesley is interested in this new medium of instruction and some of the exciting new possibilities that this opens up for connecting with the alumnae.

FACULTY LECTURE: The Eye is a Part of the Mind: Visualization in Science Education
Do we lose potential scientists because visual learners have difficulty with complex concepts presented in texts and lectures? I will try to address that question, and will show numerous examples of what I feel are useful visual aids to the learning process.
Flick Coleman, Professor of Chemistry, Emeritus
Science Center 377

Since the discovery of nuclear fission in the 1930s, the potential of nuclear energy both for war and for peace has presented an ongoing challenge to humanity. How do we deal with this challenge in our post-Fukushima world, in which daily newspaper accounts of the need for sources of energy other than fossil fuels as well as ongoing developments in Iran and North Korea highlight the importance of understanding the “positive and negative” potential of the atomic nucleus?
Nancy Harrison Kolodny ’64, Cohen/Heller Professor of Chemistry, Emerita
Science Center 396

FACULTY LECTURE: Women in the Labyrinth of Leadership
Why are there so few women leaders? How do men’s and women’s personalities, family roles, gender stereotypes, and organizational challenges affect women leaders and what can be done to increase the advancement of women?
Linda Carli, Senior Lecturer of Psychology
Jewett Arts Center 450

FACULTY LECTURE: Like a Great Roman Ruin: The College Hall Fire and Anne Whitney at 100
Join us for an overview of the 1914 College Hall fire exhibition currently on display in the Davis Museum. This exhibition includes objects from the Davis, Archives, and Special Collections—as well as gifts and loans from alumnae worldwide—ranging from letters written by students and faculty to tableware used in the College Hall dining room, from marble busts and a painted mirror saved from the Browning Room to the Tree Day Spade and more. Together these objects examine art and life in College Hall from the founding of the College in 1870, to the great fire that destroyed the building and its contents in 1914, to the fundraising and rebuilding efforts that followed.

FACULTY LECTURE: Media Influences on Social Outcomes: The Impact of MTV’s 16 and Pregnant on Teen Childbearing
This presentation will address the impact of the widely viewed MTV reality TV show, 16 and Pregnant, on teen-bearing outcomes. When the show aired, it led to more searches and tweets regarding birth control and abortion, ultimately leading to a 5.7 percent reduction in teen births in the 18 months following its introduction. This accounts for around one-third of the overall decline in teen births in the United States during that period.

FACULTY LECTURE: Dear Home: The Launch of a Crowd-Sourced Transcription Project for Wellesley
The poet and sculptor Anne Whitney (1821-1915) was an important member of the artistic, literary, and political circles in her native Massachusetts and further afield. Wellesley’s Archives house approximately four thousand largely unpublished letters to and from Whitney over the course of her long life, all of which contain richly detailed and sometimes astonishing information about nineteenth-century art and life. But these handwritten letters are fragile, and few people have ready access to them. With this in mind, we are launching a crowd-sourced transcription website for the Wellesley community, so that alumnae can take part in transcribing these remarkable letters online. Whitney is an especially appropriate topic for Wellesley; her family knew the Durants and she herself knew Alice Freeman and George Herbert Palmer, as well as many Wellesley professors and benefactors; she taught here for a semester and her statue of the English author and reformer Harriet Martineau was a focal point of College Hall before it was destroyed in the 1914 fire. Thanks to Friends of the Library funds, we have digitized hundreds of her letters, from correspondents ranging from her family and Wellesley friends to author Louisa May Alcott, artist Harriet Hosmer, suffragist Caroline Healey Dall, and abolitionist William Lloyd Garrison, among others. Join us to learn about Whitney’s life and sign up to read and transcribe letters as part of this exciting project!

FACULTY LECTURE: U.S.-China Relations: Possible Futures
This lecture presents an overview of U.S.-China relations in the 21st century. It explains possible flash points and areas of potential cooperation between the two great powers.
Stacie Goddard, Jane Bishop ’51 Associate Professor of Political Science
Pendleton East 239

FACULTY LECTURE: Making Image Matter: Reconsidering Civil Rights Work in the Post-World War II United States
What happens when we consider how non-activists contributed to the civil rights struggle? The lecture dramatizes this question by examining the image-making activities of the two black entrepreneurs—publisher John H. Johnson and public relations guru Moss H. Kendrix.
Brenna W. Greer, Assistant Professor of History
Science Center 278

FACULTY LECTURE: Mixed-Gender Imagery in Medieval Saints Lives
Employing medieval hagiographic texts and images that explore traditional markers of the feminine and masculine, the talk will explore how both cultural tensions regarding gender identity and eroticism are negotiated in the saintly biography (oftentimes apocryphal). Legends focusing on transvestism, miraculous growth of beards on women, and an emphasis on body and head hair as markers of sanctity, suggest an erotic vein—at the same time that the rationale for these narratives is to preclude this possibility. The main subject will be prefaced by a short overview of historic and contemporary procedures for recognition of saints by official bodies of the Catholic Church. The presentation is illustrated by a wealth of noteworthy images.
Carlos Vega, Professor of Spanish
Pendleton West 212

FACULTY LECTURE: Wellesley’s Meteorites
Wendy Hagen Bauer, Professor of Astronomy
Whitin Observatory 114

FACULTY LECTURE: Biomaterials: Making the Bionic Woman
Drawing on diverse fields, ranging from materials science and engineering to medicine, biomaterials have become vital to our health. Together, we will define biomaterials, discuss their connections to basic sciences, and delve into examples of new types of biomaterials. These examples, which are being developed by researchers across the country and on the Wellesley campus, will include biomaterials for spinal cord repair and improved biocompatibility of medical implants.
Nolan Flynn, Associate Professor of Chemistry
Science Center 396

FACULTY LECTURE: Academic Freedom and Scholarly Exchanges with Chinese Universities: A Cautionary Tale
Thomas Cushman, Deffenbaugh de Hoyos Carlson Professor in the Social Sciences
Xia Yeliang, Visiting Fellow, Center for Global Liberty and Leadership, Cato Institute, Washington, DC
Science Center 277

FACULTY LECTURE: Like a Great Roman Ruin: The College Hall Fire and Anne Whitney at 100
Join us for an overview of 1914 College Hall fire exhibition currently on display in the Davis Museum. This exhibition includes objects from the Davis, Archives, and Special Collections—as well as gifts and loans from alumnae worldwide—ranging from letters written by students and faculty to tableware used in the College Hall dining room, from marble busts and a painted mirror saved from the Browning Room to the Tree Day Spade and more. Together these objects examine art and life in College Hall from the founding of the College in 1870, to the great fire that destroyed the building and its contents in 1914, to the fundraising and rebuilding efforts that followed.

THEATRE PRODUCTION
Friday, 8:00 PM; Saturday, 3:00 PM
Wellesley Summer Theatre Company presents HAY FEVER, directed by Marta Rainer '98. Chaos ensues when the eccentric Bliss family invite a motley assortment of weekend guests to their fashionable summer home. The guests end up fleeing, unnoticed by the Bliss family, who are too caught up in their own dramas to pay them much attention. A comedy of manners in the grand tradition! Reservations at 781.283.2000 are absolutely needed. Ticket prices are $10.00 for alumnae and their guests, $5.00 for those over 65.

MISSION STATEMENT

The mission of the Wellesley College Alumnae Association is to further the interests of Wellesley College and its alumnae by connecting alumnae to the College and to each other, in support of the College’s institutional priorities. The Association serves as a lifelong resource to alumnae and encourages alumnae to contribute to the continued excellence of the College.

THE ASSOCIATION’S RELATIONSHIP TO THE COLLEGE

The Association is an independent, self-governing organization created by the alumnae of Wellesley College in 1880. It maintains substantial representation on the board of trustees of the College, with four alumnae trustees, a young alumnae trustee and the president of the Association, who serves ex officio and with vote. On administrative and programming fronts, Association volunteers and staff work closely with the Office of Admission, Center for Work and Service, Office for Resources, President’s Office and other College offices.

In 1952, during the 75th Anniversary Fund campaign, the Alumnae Association board and the board of trustees began to rethink the fundraising role of the Association. The decision was made to change the Association’s mission, and since then, all fundraising for the College has come through the Office for Resources. The Alumnae Association and the Office for Resources continue to work closely and have a strong partnership as we serve these distinct roles.

MAJOR PROGRAMS

A Day to Make a Difference: Hundreds of alumnae around the world took part in community-service projects through their clubs and as individuals for our annual A Day to Make a Difference which we host in partnership with the Center for Work and Service (CWS). This tradition of rededication to our college motto has struck a deep chord with alumnae around the globe.

Admissions: Admission efforts are greatly supported by our alumnae clubs and individual volunteers. This past year, they conducted more than 850 interviews, attended college fairs, and held receptions for admitted students and summer send offs for incoming first years.

The Wellesley College Book Award Program honors exceptional young women who have been top scholars in their high school class and have also distinguished themselves through their extracurricular activities and in their community. The award gives students a chance to learn more about Wellesley, especially if they are not already familiar with the college. This spring, 1,250 books were awarded and distributed by 73 of our U.S. alumnae clubs and 8 international contacts.

Alumnae Achievement Awards: The 2014 Alumnae Achievement Awards were presented to C. Tracy Orleans ’70, behavioral scientist, public health advocate; and Eva Sommaripa ’63, organic farmer, champion of sustainable living, in a ceremony held in Diana Chapman Walsh Alumnae Hall before an audience of alumnae, students, staff, faculty, and friends.

Alumnae Leadership Council (ALC): ALC annually hosts class, club, shared interest group (SIG), and Reunion volunteers for training and inspiration. In addition, SIGs give alumnae the opportunity to connect with each other and the College based on a common activity, purpose, background, or interest. Councilors at ALC 2013 learned the specifics of their volunteer roles and heard firsthand about current College programs, priorities and accomplishments from both students and the College’s senior management.

Faculty Speaker Program: This year, the Alumnae Association sponsored over 65 faculty speaker programs with our clubs, including thirteen international connections, enhancing our alumnae’s lifelong intellectual connection to the College and their understanding of life at Wellesley today.
Memories Night: A new tradition, Memories Night is a panel discussion with alumnae from across the decades to discuss their time at Wellesley with current students. Students relish hearing how Wellesley has changed (or not!) over the past 60 years.

Online Services: Check out our website today at www.wellesley.edu/Alumnae. Online services provided by the Alumnae Association include an online directory, Discussions, Class E-Notes, and more. These services offer alumnae a variety of ways in which to share and connect with other alumnae virtually. In addition to the community features, the Association website also offers opportunities for lifelong learning, lets you browse the profiles of the Alumnae Achievement Award recipients, connects you to the online version of *Wellesley* magazine, serves as a resource to thousands of alumnae volunteers, connects alumnae to their class and local club sites and provides information about benefits and services for all alumnae.

Reunion: For Reunion 2014, we are excited to offer our wonderful faculty lectures and tours of campus sites. Nearly 3,000 alumnae and friends are returning to Wellesley to reminisce and be intellectually refreshed.

Stepsinging: Twice a year students are given songbooks and assemble by classes to try to out-sing and out-cheer the other classes. Dressed in their respective class colors—red, yellow, purple, and green—students rally behind the elected songmistresses for each class.

Thanksgiving Match: The Alumnae Association, in partnership with Slater International, connects Wellesley students with members of the Wellesley community for Thanksgiving. The program gives students whose own families are far away a chance to get off campus, and enjoy a family setting and a home-cooked meal.

Wellesley magazine: Our award-winning alumnae magazine continues to provide an exceptional resource to alumnae around the world as it connects us with one another and with activities at the College. It is published quarterly and is also available online at http://www.wellesley.edu/alumnae/wellesleymagazine/online. Follow us on Facebook and Twitter @wellesleymag.

134TH ANNUAL MEETING OF THE
WELLESLEY COLLEGE ALUMNAE ASSOCIATION
Sunday, June 8, 2014, 11:30 AM, Karen E. Williamson ’69, presiding

DON’T MISS
THE STATE OF THE COLLEGE ADDRESS

BY PRESIDENT H. KIM BOTTOMLY

Learn about what’s happening on campus today!

Sunday, 11:30 AM - 1:00 PM
Diana Chapman Walsh Alumnae Hall Auditorium
TO ALMA MATER

Lyrics by: Anne Barrett Hughes, Class of 1886
Arranged by: Flora Sneallie Ward, Class of 1886
from the German air The Mountain Maiden

To Alma Mater, Wellesley’s daughters,
All together join and sing,
Thro’ all her wealth of wood and waters,
Let your happy voices ring

In ev’ry changing mood we love her,
Love her tow’rs and woods and lake,
Oh, changeful sky, bend blue above her!
Wake, ye birds, your chorus wake!

We’ll sing her praises now and ever,
Blessed fount of truth and love,
Our heart’s devotion, may it never
Faithless or unworthy prove

We’ll give our lives and hopes to serve her,
Humblest, highest, noblest all,
A stainless name we will preserve her,
Answer to her ev’ry call
