Dear Alumna,
Welcome to Reunion 2019! It is wonderful to have you—and nearly 3,000 other graduates, guests, and family members—back on campus.

Over the past three years as president, I have had the pleasure of meeting alumnae from around the world who have taught me about Wellesley's many traditions, shared stories about how Wellesley has shaped them, and expressed their hopes for the College's future. I eagerly anticipate having many more such discussions this weekend, and taking in the joy, energy, and excitement that Reunion weekend brings.

During your time here, I hope you have a chance to visit some of the campus renewal initiatives that have been completed since your last Reunion, highlighted in this program. The brand new Global Flora Collection in the Margaret C. Ferguson Greenhouses debuts its innovative new conservatory this weekend. Pendleton West, completed in 2017, now features beautiful art studios and a large music hall with superb acoustics. Other major renovations include the Schneider Center, which houses several student services offices; the Field House, which features a fabulous new fitness mezzanine; and the Butler Boathouse, reopened in 2015 as a brighter, more accessible, and more functional space.

Your decision to return for Reunion demonstrates how much you value your connections to Wellesley. This weekend, I encourage you to find new ways to engage with the College, the faculty, classmates, and friends, and most importantly, to celebrate all that makes Wellesley the special place—and powerful community—it is. As you reconnect with this lovely campus, surrounded by friends, I hope the memories and relationships you create will inspire you to join us for many more Reunions to come.

Warm regards,

Paula A. Johnson
President

Dear Alumna,
On behalf of the Wellesley College Alumnae Association (WCAA), I am thrilled to welcome you back to campus!

The Alumnae Association’s mission—to connect alumnae to the College and to each other—is so evident at Reunion. Whether you are celebrating your 5th or 80th, we hope you reconnect with all that is Wellesley. The Alumnae Association has worked hard to create a robust slate of programs for you: from stimulating faculty lectures to campus tours, from yoga to a walk (or run!) around the lake, and of course such traditions as the parade and Stepsinging.

Please join us for the Wellesley College Alumnae Association annual meeting, Saturday at 11 am, where we will celebrate class milestones and outstanding alumnae dedication to Wellesley. The annual meeting will also afford us a special opportunity to hear from President Paula A. Johnson. Saturday afternoon, a special panel with Madeleine Korbel Albright ’59 and Hillary Rodham Clinton ’69 will take place. You will find information about all of the events in these pages.

Reunion would not be possible without the hard work, commitment, and enthusiasm of your class volunteers. The Alumnae Association board of directors and I extend our heartfelt thanks to all of these dedicated alumnae; you can find their names listed on your class website. Please thank them for their hard work and dedication to bringing your class together for this special weekend. And please join me in thanking the team in the Alumnae Association office, along with numerous volunteers from all over campus who make reunion so special.

Whether you participate in programs, connect with friends old and new, or simply enjoy the beauty of our campus, we hope you enjoy Reunion 2019. It’s going to be a wonderful weekend. We’re happy you’re here!

Sincerely,

Martha Goldberg Aronson ’89
President, Wellesley College Alumnae Association
WHAT’S NEW ON CAMPUS?

Explore the new additions and renovations that have taken place since Reunion 2014!

In 2016 the Davis Museum unveiled *the Davis. ReDiscovered*, a total transformation of the Davis’ permanent collections galleries, reshaped and reconceived to present the breadth and strength of the Museum’s encyclopedic holdings.

**Harambee House**, which has served students of African descent since 1970, received repairs and upgrades to the lower level in 2016 including an expanded den with study tables, a new conference room, and an updated kitchen with new appliances and countertop seating.

Acorns, renovated in 2016, is a multicultural space for students of Latinx and Asian descent. The midcentury modern building is situated near the water, offering lovely views of Lake Waban. It houses faculty advisor offices, meeting spaces, and cooking/gathering areas.

**Pendleton West** was renovated in 2016-2017 to create connections between the disciplines of media, arts, and sciences. The new space includes art studios, music performance spaces, and common areas.

The newly completed **Global Flora Conservatory in the Margaret C. Ferguson Greenhouses** features an innovative and sustainable design, providing a space for exploration and appreciation of plant form as well as a new node for interdisciplinary research and teaching.

**Schneider Center’s** newly renovated space, now housing student services offices, offers fresh contemporary spaces while retaining its soaring windows and beautiful wooden trusses.

**East Side Campus** renovations offer inviting spots for social gatherings. Freeman and McAfee Halls re-purposed existing spaces including the living rooms and outdoor courtyard. In addition, the WCAA donated a fire pit in the McAfee Courtyard in honor of College President H. Kim Bottomly.

RETHINKING EMPOWERMENT: GENDERED WORK IN INDIA’S POLARIZED SERVICE SECTOR
Smitha Radhakrishnan, Luella LaMer
Associate Professor of Women’s Studies; Associate Professor of Sociology
Pendleton East 239 (seating is limited)

Over the past three decades, NGOs, state governments, social movements, and corporations have all pursued the cause of women’s empowerment with arguably dramatic impacts on women’s visibility and participation in every aspect of Indian society. But how can we understand the troubling decline in women’s labor force participation during the same period? Dr. Smitha Radhakrishnan

argues that the IT and microfinance industries, which both seem to symbolize women’s empowerment, similarly devalue women’s labor and prioritize their roles as mothers over their engagement in the workplace, albeit through different mechanisms. Drawing on extensive research in the Indian tech industry and the Indian microfinance industries respectively, conducted over the past 15 years, this talk aims to connect the structure of the neoliberal service economy, gender policies within these industries, and the everyday experiences of women tech workers and microfinance clients.

By understanding the structural, organizational and personal contexts in which women work, we might rethink how we understand women’s work and empowerment in contemporary India and beyond.

FACULTY LECTURE
MARY CASSATT’S MODERN WOMEN

Paul Fisher, Associate Professor of American Studies
Collins Cinema (seating is limited)

Not everyone sees Mary Cassatt’s mother-and-child paintings as feminist. Yet these belong to an impressive body of work that feminist scholars increasingly see as linked to the earthshaking changes in women’s lives that were taking place in the Belle Époque. Not only was Cassatt a card-carrying suffragist and the only American woman to exhibit with the exclusive and male-dominated Impressionist group, she was also an astute and provocative painter of modern women during a time when modernity itself was largely a women’s creation.

FACULTY LECTURE
TECHNOLOGICAL DISRUPTION AND THE FUTURE OF WORK

Dan Sichel, Professor of Economics
Pendleton East 239 (seating is limited)

How will new technologies, such as robots and artificial intelligence, affect the future of work? Will jobs disappear? Will jobs change? What choices do policymakers have to respond in a smart way to changes that are coming?

FACULTY LECTURE
FASCIST MONUMENTS IN ITALY: WHAT TO DO WITH THEM—REVERE, REMOVE, REWRITE?

David Ward, Professor of Italian Studies
Pendleton East 339 (seating is limited)

In the light of recent controversies about confederate monuments, this lecture illustrates how post WWII Italy managed the preservation of fascist monuments and architecture spread throughout Italy. The principal focus will be Rome’s Foro Italico—built between 1928 and 1938, and initially known as the Foro Mussolini, the site is a celebration of the ideology and accomplishments of the fascist regime. We will examine how Italian authorities’ attempted to “defascistize” the site by way of various cultural interventions and as a possible guideline for a strategy applicable to the questions raised by the debate on statues, heritage, and history.

FACULTY LECTURE
ROMAN PARENTS AND THEIR FAMILIES: ANCIENT ROMAN FAMILY LAW

Ray Starr, Sutton Professor of Classics
Pendleton 101 (seating is limited)

Roman law gave fathers enormous power over their children, no matter how old the daughter or son was. The father, for instance, owned everything acquired by his children, who did not have the right to own property so long as he was alive, and he could, in theory, execute them. After exploring how law affected Roman families, we’ll turn to Augustus, the first Roman Emperor, to see how Augustus served as a father for the entire Roman people.

FACULTY LECTURE
BUILDING COMMUNITY IN CHALLENGING TIMES

Gail Cruise-Roberson and Emmy Howe, Co-Directors, National SEED Project, Wellesley Centers for Women
Founders 120 (seating is limited)

Join the co-directors of the National SEED Project for an interactive exercise in learning and self-reflection to begin to address the question: “How do we build real community at a time when our country feels so divided?” A program of the Wellesley Centers for Women, SEED uses the power of sharing stories to create conversational communities that drive change toward greater equity and inclusion for all. Participants will experience a way of building community across diverse identities in a supportive setting. Educators and social justice advocates, Cruise-Roberson and Howe have facilitated peer-led, experiential professional development programs on diversity and systems of privilege, oppression, and power.

FACULTY LECTURE
THE WELLESLEY COLLEGE HALL ARCHAEOLOGY PROJECT: LEARNING ABOUT ACADEMIC LIFE A CENTURY AGO

Elizabeth Minor ’03, Visiting Assistant Professor, Anthropology
Pendleton West 201 (seating is limited)

Excavations on the Wellesley Campus at the site of the 1914 College Hall fire have continued to bring surprising insights to light. Fragments of educational equipment—including chemistry glassware, vintage electronics, geodes and crystals, fossils,
and even human anatomical specimens—demonstrate the serious academic training offered to young women at Wellesley at the time. Community participation continues to bring together students, alumnae, and staff to create new understandings about our shared past.

Authoritarian Welfare State (AWS) in Putin and the Pensioners: Authoritarian Welfare State and Regime Stability in Russia

Igor Logvinenko, Assistant Professor of Political Science

Collins Cinema (seating is limited)

This lecture will explain the role of the Authoritarian Welfare State (AWS) in upholding regime stability in Vladimir Putin’s Russia. The AWS has contributed to socio-political stability over the last twenty years by (1) maintaining frequent interactions between the state and the population, (2) providing a way for the regime to uphold a reputation for not cheating the population out of the proceeds of growth, and (3) generating a significant benefit for both the rulers and the ruled. The pension reform enacted in 2018 undermined the three pillars of the AWS and, therefore, increased the chances of future political instability in Russia.

The Labyrinth Project at Wellesley College is generously funded through a gift by Laura Becker Lewke ’77.

A JOURNEY FROM ACADEMIC DISCOVERY AN INTERNATIONAL MISSION OF SATURN: AN INSIDER'S VIEW OF THE CASSINI MISSION TO THIS GIANT WORLD, WITH CASSINI RADIO SCIENCE TEAM LEADER AND PROFESSOR OF ASTRONOMY Richard French.

The Cassini mission transformed our understanding of this beautiful ringed planet and its entourage of moons. Share an insider’s view, from the project’s inception to the final months of up-close exploration of this giant world, with Cassini Radio Science Team Leader and Professor of Astronomy Richard French.

FACULTY LECTURE GLOBAL MEDICAL VOLUNTEERING: A JOURNEY FROM ACADEMIC MEDICINE TO BUSH MEDICINE Kwan Kew Lai ’74, M.D., D.M.D., 2017 Alumnae Achievement Award Recipient Founders 120 (seating is limited)

This lecture will take you on a journey of medical volunteering all over the world with a physician who shares her experiences of over a decade of caring for patients during the HIV/AIDS epidemic, during the greatest Ebola outbreak in history, and after natural and man-made disasters. Additionally, in the wake of war and conflicts she provided medical care for internally displaced people and refugees in refugee camps. Increasingly our world has become more like a “global village” with complex economic and social interdependence, and connectedness. Diseases know no borders and our world is so interconnected that the more we are aware of and understand the shortcomings, and the needs of our neighbors, the better we will be in a position to help.

FACULTY LECTURE BUT GOOGLE SAYS SO! THE CASE FOR WHY WE NEED A NEW KIND OF LITERACY Eni Mustafaraj, Assistant Professor of Computer Science Pendleton West 239 (seating is limited)

We are constantly Googling everything and everyone, and many people believe that what shows up at the top of Google search results is vetted by Google for accuracy. But that is far from the truth. Algorithms are the new gatekeepers of information, and there are many ways to fool them. This is why we need a new kind of literacy on how the Web, search engines, and algorithms work to remain truly informed citizens at a time of invisible informational warfare.

FACULTY LECTURE MARY CASSATT’S MODERN WOMEN Paul Fisher, Associate Professor of American Studies Pendleton East 330 (seating is limited)

Not everyone sees Mary Cassatt’s mother-and-child paintings as feminist. Yet these belong to an impressive body of work that feminist scholars increasingly see as linked to the earthshaking changes in women’s lives that were taking place in the Belle Époque. Not only was Cassatt a card-carrying suffragist and the only American woman to exhibit with the exclusive and male-dominated Impressionist group, she was also an astute and provocative painter of modern women during a time when modernity itself was largely a women’s creation.

FACULTY LECTURE CALLED LATE BY THE MUSE: BECOMING A POET AFTER FORTY Lynne Viti, Lecturer emerita Pendleton West 101 (seating is limited)

Sunday, 7:30–10:30 AM

The newly completed Global Flora Collection in the Margaret C. Ferguson Greenhouses, with its focus on plant form, combines aesthetic appeal with interdisciplinary teaching and research opportunities. Global Flora’s innovative and sustainable design carries Margaret Ferguson’s vision of “laboratories under glass” into the 21st century.

The 22 acres of the H. H. Hunnewell Arboretum and the Alexandra Botanic Garden, open from dawn to dusk, contain over 500 species of woody plants in 53 different plant families. The collection of specimen trees and shrubs provides spectacular flowering in the spring and a range of color in the autumn.

THEATRE PRODUCTION:
THIS GIRL LAUGHS, THIS GIRL CRIES, THIS GIRL DOES NOTHING
by Finegan Kruckemeyer
Friday, 7:00 PM
Sunday, 2:00 PM
Diana Chapman Walsh Alumnae Hall, Ruth Nagel Jones Theatre
Triplet sisters are left in a forest by a woodcutter father and forced to find their own way in the world. From this fairytale beginning, three resolutions are made—one sister walks one way to find purpose, another seeks adventure, and the third stays right where she is, to create a home. Years later, having circled a globe and fought vikings, toppled lighthouses, tamed wilds and achieved greatness, the three meet again, as women. A moving and irresistibly charming modern-day fable for young and old, brought to you by the award-winning Wellesley Repertory Theatre in their 21st season. “Magical...merry...a marvel of exquisite theatre.” - The Herald, Scotland

NEHOIDEN GOLF COURSE
The College owns and maintains Nehoiden Golf Club, recently ranked one of the “Finest Nines” in the U.S. We are offering alumnae and guests the chance to play in a 9-hole scramble or to participate in a clinic on Friday and/or Saturday ($50 includes golf activity and light refreshments). For more information, or to sign up, contact Leslie Andrews ’82, Director of Golf at Nehoiden at Leslie.Andrews@wellesley.edu or (781) 283-3129.
If you wish to play golf on your own on Friday, Saturday or Sunday, please go to the Starter located at 91 Dover Road. The fee for alumnae is $40. There are no reserved tee times. Players tee off on a first-come-first-served basis unless otherwise directed by the starter.

Summer. It's the season for discovery, exploration, and growth. One Wellesley Summer offers students more than classes and credits—it offers them the opportunity to enjoy the full Wellesley experience. Finally, they can understand what you've been saying.

Summer Term: Students take full-credit classes drawn from a sampling of courses taught during the academic year at Wellesley.

Pre-College Residential Programs: High-school girls gain valuable insights on college life while making lasting friendships.

Contemporary Women's Leadership Program: Undergraduate women learn about leadership through classroom education and self-reflective activities.

‘The summer program taught our daughter how to be more independent as both a thinker and a learner. She came home more grown up and ready to conquer her senior year of high school.’
—Shari, mom of Pre-College student, Julia

MISSION STATEMENT

The mission of the Wellesley College Alumnae Association (WCAA) is to support the institutional priorities of Wellesley College by connecting alumnae to the College and to each other. The Association serves as a lifelong resource to alumnae and encourages alumnae to contribute to the continued excellence of the College.

THE ASSOCIATION’S RELATIONSHIP TO THE COLLEGE

The Association is an independent, self-governing organization created by the alumnae of Wellesley College in 1880 and incorporated in 1916. It maintains substantial representation on the board of trustees of the College, with four alumnae trustees, a young alumnae trustee and the president of the Association, who serves ex officio and with vote. On administrative and programming fronts, Association volunteers and staff work closely with the Office of Admission, Career Education, Development Office, President’s Office and other College offices.

In 1952, during the 75th Anniversary Fund campaign, the Alumnae Association board and the College Board of Trustees began to rethink the fundraising role of the Association. The decision was made to change the Association’s mission, it was recognized as an independent 501(c)3 non-profit organization and, since then, all fundraising for the College has come through the Development Office. The Alumnae Association and the Development Office continue to work closely and have a strong partnership as we serve these distinct roles.

2018–2019 ANNUAL REPORT
MAJOR PROGRAMS

A Day to Make a Difference
Hundreds of alumnae around the world take part in community service projects through their clubs and as individuals for our annual A Day to Make a Difference, which we host in partnership with Career Education. This tradition of rededication to our college motto has struck a deep chord with alumnae around the globe.

Admission
Admission efforts are greatly supported by our alumnae clubs and individual volunteers. This past year, they conducted over 1,000 interviews, attended over 100 college fairs, and held receptions for admitted students and summer send-offs for incoming first years.

Book Award Program
The Book Award Program honors exceptional young women who have been top scholars in their high school class and have also distinguished themselves through their extracurricular activities and in their community. The award gives students a chance to learn more about Wellesley, especially if they are not already familiar with the College. This spring, nearly 1,050 books were awarded and distributed by 52 of our U.S. alumnae clubs, 4 international clubs, and 22 individual alumnae volunteers.

Alumnae Achievement Awards
The 2019 Alumnae Achievement Awards will be presented to Carol Remmer Angle ’48, Pediatric Trailblazer & International Toxicology Expert; and Diane Rowland ’70, Health Policy Leader & Advocate for Healthcare Access, in a ceremony in Diana Chapman Walsh Alumnae Hall before an audience of alumnae, students, staff, faculty, and friends on October 18, 2019. All alumnae are welcome and encouraged to attend.

Wellesley BLUEprint: Preparing Today’s Alumnae Ambassadors
Wellesley BLUEprint is an on-campus training event for volunteers in strategic leadership roles. The gathering is an evolution of Alumnae Leadership Council and is focused on sharing the Wellesley College Alumnae Association and College priorities. BLUEprint participants leave campus inspired, energized, and ready to be ambassadors for Wellesley and cultivate future volunteer leaders.

Faculty Speaker Program
This year, the WCAA sponsored over 35 faculty speaker programs with our clubs, enhancing our alumnae’s lifelong intellectual connection to the College and their understanding of life at Wellesley today.

Memories Night
Memories Night, held every other year, is a panel discussion with alumnae from across the decades sharing stories about their time at Wellesley with current students. Students relish hearing how Wellesley has changed (or not!) over the past 60 years.

My Wellesley Community
The WCAA’s online community is found at www.alum.wellesley.edu. It’s a gateway to information from your class, local club, and shared identity group, as well as our alumnae directory. Join in discussion groups, learn about events, and maintain memberships. To take advantage of the community, activate your Wellesley Login (visit www.wellesley.edu/alumnae/wellesleylogin for more information). Once you’re in the community, review your profile and make sure your information is up to date. Your Wellesley Login will allow you to search for classmates and other alumnae in the online directory.

Reunion
We are excited to offer our wonderful faculty lectures, tours of campus sites, and programming to reconnect you to each other and to the College. Nearly 3,000 alumnae and friends return to Wellesley each year to reminisce and be intellectually refreshed.

Senior Celebrations
Hosted by the WCAA, in partnership with the Development Office, this event is the official induction of seniors into the Alumnae Association. Seniors toast fellow classmates and hear from their class officers.

Stepsinging
Twice a year students are given songbooks and assemble by class to try to out-sing and out-cheer the other classes. Dressed in their respective class colors—red, yellow, purple, and green—students rally behind the elected songmistresses for each class.

Thanksgiving Match
The WCAA, in partnership with the Slater International Center, connects Wellesley students with members of the Wellesley community for Thanksgiving. The program gives students whose own families are far away a chance to get off campus, and enjoy a family setting and a home-cooked meal.

Wellesley magazine
Our award-winning alumnae magazine continues to provide an exceptional resource to alumnae around the world as it connects us with one another and with activities at the College. It is published quarterly and is also available online at magazine.wellesley.edu. Follow us on Facebook and Twitter: @wellesleymag

FROM THE GERMAN AIR THE MOUNTAIN MAIDEN

To Alma Mater, Wellesley’s daughters,
All together join and sing,
Thro’ all her wealth of wood and waters,
Let your happy voices ring

In ev’ry changing mood we love her,
Love her tow’rs and woods and lake,
Oh, changeful sky, bend blue above her!
Wake, ye birds, your chorus wake!

We’ll sing her praises now and ever,
Blessed fount of truth and love,
Our heart’s devotion, may it never
Faithless or unworthy prove

We’ll give our lives and hopes to serve her,
Humblest, highest, noblest all,
A stainless name we will preserve her,
Answer to her ev’ry call

THE WELLESLEY CHEER
