Stone Center Counseling Service

The Stone Center Counseling Service fosters student’s psychological resiliency and capacity to change. We offer students a continuum of services that promote wellness, balance, acceptance of self, and connection to others. We value multicultural awareness and training for staff and trainees who are diverse in lived experience, ages, ethnic, racial and LGBTQ identities.

Clinical Services: Services include time-limited individual counseling, a wide range of groups and outreach programs, medication management, and specialized off campus referrals. Services are available to students without charge. Regular intake or ongoing appointments can be made in person or by calling 781-283-2839 during office hours. Students can schedule an Immediate Counseling Support, half-hour session within a 48-hour time block, for time sensitive support via the online Student Wellness Portal. See the website for information on group and outreach programs. We consider confidentiality to be of the utmost importance. No information will be released without the student’s explicit knowledge or written consent, within the guidelines of professional ethics and legal principles. See website for “Your Rights and Responsibilities” document.

Self-help Resources: Services for Wellesley College students include the WellTrack app, an interactive self-help online therapy tool. Go to wellesley.welltrack.com/register using your @wellesley.edu email address. We also provide an anonymous mental health screening tool. Please go to the Mental Health Online Screening Program link on the Administrivia channel in the Students tab of MyWellesley to access the screening. See our website for more self-help resources.

Location: The Counseling Service is on the east side one floor above the Health Service.

Hours of Operation: Office hours: Monday–Friday, 8:30-4:30 p.m. Closed during winter, spring break and holidays. When closed, after-hours and weekend support can be accessed by calling 781-283-2839 and will be answered by after-hours service clinicians (ProtoCall) who work with professional staff at Wellesley College as needed. We are available for emergency consultation during the summer.

Emergencies: During office hours: In addition to regular scheduled appointments, a staff clinician is available each day, Monday–Friday, for urgent concerns or emergencies. In the event of an emergency during business hours, please call the office 781-283-2839 to access the Clinician-of-the-Day. If staff is unavailable, in an emergency, please call Campus Police, 781-283-5555.
