TREASURE HUNT
La búsqueda de tesoro
Welcome to Family Day at the Davis!

¡Bienvenidos a la día de la familia en el Davis!

Today we’ll explore Latin American art through collage, paintings, prints, and more!

Follow the clues to discover all kinds of works, then record details about your discoveries in your booklet as you go.

When you’re ready to start your treasure hunt through the Davis, grab a pencil and an adult, and head into the galleries!

Need help with a clue? Remember to look for the labels next to each object to learn more about them. Really stumped? Ask a Student Visitor Assistant in RED or a guard for help!

*Please remember to touch with your eyes and not with your hands. This will protect our art so that everyone can enjoy it for a long time. Also, please be sure to leave food, drinks, and backpacks in the lobby!
LEVEL 4
PORTRAIT OF A YOUNG WOMAN

Using the stairs or the elevator, begin your journey by finding this portrait of a young woman on Level Four.

What do you notice about the girl's clothing?

What do you think her clothing tells us about her?
Finding Your Roots

Encontrar Sus Raíces

Take a closer look!

What do you think the clothing reveals about this person?

Have you seen these accessories and clothing before?
Here, the artist shows his European, African, and Asian roots through the accessories and clothing he wears in each self-portrait.

Today, many people get tested to see where their ancestors (antepasados) once lived in the world.

WHAT DOES CLOTHING SAY ABOUT YOU?

Draw a picture of yourself wearing an outfit that represents you and your family.
GESTURE AND GEOMETRY

Find the work below in the Gesture and Geometry section of the Art_Latin_America Special Exhibition.

Here, the artist created a map of South America so the North (Norte) is placed on the bottom and South (Sur) is placed on the top. 

Can you find...

A bird? __________
A fish? __________
A sun? __________
A snake? __________
A boat? __________
A person? __________

Why do you think the artist drew the map this way?
