Confidential Conversations

Multifaith Engagement

Spiritual Wellness
## Why talk to a Chaplain?

College chaplains are trained religious professionals who serve the needs of students of any or no religious affiliation. All conversations are confidential. The chaplains are equipped by training and experience in counseling. They are also able to refer to appropriate campus partners for additional support.

- Hours are entered in Workday
- Direct Deposit
Academics, Advising and Academic Support for New Students at Wellesley
Advising and Academic Support

- First-Year Faculty Advisors
- Dean of First-Year Students - Shanté Brown
- Learning and Teaching Center (PLTC)
- Accessibility and Disability Resources
- Peer Support: Orientation Mentors, Academic Support Coaches, Tutors, etc.
The Class Deans work closely together to provide strong individualized advising to students.

We collaborate with faculty advisors and staff members from many other offices across the College to help make sure all of our students have the support they need to realize their goals. Students are welcome to visit our offices on the second floor of the Schneider Center during drop-in times for quick questions with your Class Dean, or appointments can be scheduled online using the links to the right. Students can also email their Class Dean directly to set up a meeting.
