

Instructions for enabling pop-up windows

In CHROME:

1. Select Toolbar's wrench icon
2. Change icon from "Pop-ups blocked" to "Pop-ups allowed"
3. Click Save

In FIREFOX:

1. Select Tools, Options, Content tab.
2. Click the Exceptions button to the right of Block pop-up windows.
3. In "Address of web site" box, enter clara.wellesley.edu
4. Click the Allow button then OK to exit Options.

In INTERNET EXPLORER:

1. Select Tools, Internet Options, Privacy tab.
2. In the Pop-up Blocker area, click the Settings button.
3. In "Address of website to allow" box, enter clara.wellesley.edu
4. Click the Add button then OK to exit Internet Options.

In SAFARI:

1. Select the Safari tab in the browser window.
2. Select Preferences, Security tab.
3. Check the Enable plug-ins, Java, and JavaScript box.
4. Uncheck the box labeled: [Block pop-up windows] if it is not already unchecked.
