Insurance and Retirement Elections

Insurance and Retirement elections for 2022 will already be populated with your current coverage.

Short Term Disability, Long Term Disability and the Basic Life Insurance plans cannot be changed. These plans are paid for by Wellesley College.

Contributory and Spouse Life Insurance may be changed at any point throughout the year. Changes are not limited to Open Enrollment. Any changes made during Open Enrollment will not take effect immediately but will become effective upon approval from Lincoln Financial. Your 403(b) Contribution rate may be changed at any time during the year. Any changes to your 403(b) Contribution rate made during Open Enrollment will be effective January 1, 2022 and will override any existing 403(b) Plan election.

It is strongly recommended that you review and, if necessary, update your beneficiary designations for your life insurance plans. You may also complete this form and mail it to the Human Resources/Benefits, Wellesley College.

The College Contribution to the 403(b) plan displays a $0.00 cost to indicate that this benefit is not paid for by employees. The amount that Wellesley College contributes is not displayed as the College Contribution consists of multiple contribution sources and is calculated along with your payroll.
