# Identity Theft Protection

Identity theft is a serious crime. Each year, millions of Americans have their personal financial information stolen and must spend a significant amount of time and money to restore their records. If you ever become a victim of identity theft, you don't have to face it alone.

**You have the support of a comprehensive Identity Theft Protection program through Assist America's SecurAssist Identity Protection program. It provides:**

- 24x7 telephone support and step-by-step guidance by anti-fraud experts,
- a case worker assigned to you to help you notify the credit bureaus and file paperwork to correct your credit reports,
- help canceling stolen cards and reissuing new cards, and
- help notifying financial institutions and government agencies.

**You can also help stop identity theft before it happens:**

- You can securely store information from credit cards, bank cards, and documents in one safe, centralized location. If any information ever becomes lost or stolen, retrieval is easy and the resolution process can begin.
- You can register for identity fraud protection surveillance of up to 10 credit or debit cards.
- Registered cards are monitored using sophisticated real-time early warning technology that monitors underground chat rooms across cyberspace, where thieves are selling and trading stolen personal information.
- You receive early warning of potential threats and are notified if your identity has been misused.

These valuable services offer additional protection you can use today—giving you peace of mind and helping you face emergencies.

Remove and keep this reference card handy so you can take advantage of these services if or when you need to.
