Our Student’s Testimonials

"Partaking in the Joint BA-MA programme was one of the best decisions that I made while at Wellesley: it provided me with a great education and a unique opportunity to experience International Geneva. I was grateful to be surrounded by people from diverse backgrounds and to live right by Lac Léman, which is as spiritual as Lake Waban at Wellesley. I believe that this programme has enabled me to reflect on my own philosophies and to grow positively."

"The Graduate Institute experience is strongly rooted in both professional as well as personal development, and the school gears its abundant global network of partnerships, platforms, opportunities, and connections towards the individual growth of its students. The 4+1 program offered an incredibly seamless transition from my Wellesley Bachelors degree to my Masters along with complete financial support – I could not possibly have stumbled upon a better opportunity!"

TANISHA RAYAMAJI

"The Institute offers truly unparalleled education and expertise in international studies and an incredible balance of academic and professional learning. Since starting my studies at the Institute, I’ve been challenged to contribute meaningfully to the field I am working in and excited about my education like never before! The support offered through the partnership has exceeded all expectations, and the student community is no less welcoming. Geneva is almost spilling over with organizations doing meaningful and fascinating work, and the Institute is essentially the same."
