Communications Policy
Advisory Committee on Academic Staffing (ACAS)

The Advisory Committee on Academic Staffing (ACAS) values the perspectives of all members of the College community regarding the questions of academic staffing on which we are called to deliberate. To give all members of the community an equal opportunity to provide their input on the staffing requests before us, each year ACAS will publish a list of the requests for staffing that have been submitted, and invite written comments on them from College faculty, staff and students. The goal of this policy is for ACAS to be as informed as possible about the merits of each staffing proposal.

Each department or program making a staffing request will be given an opportunity to meet with ACAS to discuss the request and answer any questions ACAS members may have about it.

ACAS may on occasion initiate meetings with departments, programs, or other faculty groups, and invite other groups or individuals wishing to comment on staffing matters to provide us with written materials they deem useful to our deliberations.

Send comments to ACAS, c/o Ruth Frommer, by email or letter.
